

## **JOB DESCRIPTION**

**Role: Senior Manager Investments**

**Reporting to: Head of Investments**

**Location: UK based with regular travel to Belfast Headquarters**

---

### **About fscom**

fscom is a specialist consulting firm providing governance, risk and compliance solutions to financial services institutions in the UK and Ireland.

From our Head Office in Belfast, fscom has worked with some of the leading Clients in the Fintech and Payments sector over the last 10 years. Our focus on being the leading subject matter experts means in our field means that we have become widely recognised as the premier governance, risk and compliance advisors to the financial services sector.

Our people are at the heart of our success, and you will get the opportunity to work with industry experts who are leaders within their field. We were awarded a Diversity Mark accreditation in 2020 following an independent assessment of our commitment to advancing Diversity and Inclusion. We are also members of the Association of Professional Compliance Consultants and adhere to the [Code of Ethics](#).

### **The Role**

The UK and Irish investments landscape is experiencing a period of large growth with new innovative products being brought to market, a broadening supervisory agenda and a more interventionist supervisory approach. Many of fscom's investment clients are also fintech firms who are at the forefront in designing and bringing to market new products and technologies that is changing the financial services landscape.

Our investment team works with financial services clients, both traditional and fintech, across the UK and Ireland to provide practical solutions to governance, risk and compliance challenges. We work in partnership with our clients supporting them on the regulatory challenges that arise across the course of their growth journeys. We do this by working closely with our clients to understand their commercial strategy and where the fscom services can add value to delivering this strategy. In delivering our services we aim to provide clients with the expertise and tools that complement their fintech ethos.

The fscom investment practice has experienced rapid growth since its recent inception. This growth aligned to fscom's ambitious growth plans means we are looking to expand the team. Our team requires experienced industry practitioners who have consulting experience and are looking to become part of a high-performance professional services business with ambitious plans.

## Key Responsibilities

You will be responsible for leading client engagements, managing a portfolio of investment clients, proactively evolving our delivery capability, and identifying and developing new opportunities.

Your responsibilities will also include:

- Managing multiple projects, whilst also undertaking business as usual
- Contributing to regulatory horizon scanning and sector analysis to feed into high quality client insight and also departmental strategy
- Leading on client delivery and working collaboratively with other fscom teams
- Supporting the department leaders in stakeholder management such as development and presentation of strategy to the Board and Exco
- Management of the Senior Associates and Associates within the investment team
- Identifying, driving, and implementing process improvement initiatives
- Sharing your knowledge and expertise, supporting, and mentoring other members of the team
- Assist the department leadership with budget management
- Support development of presentations and decks for internal and external stakeholders

## What you need for the role - essential experience/skills/qualifications: -

### Essential Criteria

- 5+ years' consulting experience within governance, risk and compliance for a professional
- Demonstrable experience of providing consulting experience to UK asset and/or fund managers
- Strong understanding of the trends and developments within the UK asset and/or fund management sectors
- Demonstrate understanding and application of the principles of account management
- Knowledge of the account management and principles of a professional services firm
- Effective communicator with good interpersonal skills and ability to interact credibly with clients
- Demonstrable project delivery experience from initial scope through to delivery
- Strong team player and team management skills
- Ability to manage multiple priorities concurrently

### Desirable Criteria

- Recognised professional qualifications such as CISI Diploma in Investment Compliance
- I with a background in ICARA, ILAAP, Pillar 2 and general strategic risk experience at the 2<sup>nd</sup> line

### What will you get from the role?

You will have the opportunity to work for an award-winning consultancy business with leading clients. This is an exciting opportunity to work for fscom at a critical time in our journey and work for us as we are growing and expanding.

You will also be rewarded with working within a friendly and stimulating working environment where you will have a challenging role that is critical to business success. You will have a competitive salary, pension, performance-based bonus, private healthcare, enhanced family-friendly entitlements, and a generous holiday package.
